

"Donor Survey Information and Rules"

Supplementary Document

From 19 June 2026 until revoked

This information document functions only as a supplementary document, with all other provisions of the basic promotional rules entitled "Donor Survey Information and Rules" remaining unchanged.

CSL Plasma centre participating in the promotion:

- CSL Plasma Debrecen - 4029 Debrecen, Csapó utca 42.

The conditions and benefits set out in this supplementary document apply exclusively to new applicants registering from 19 June 2026 who are not currently in active donor status.

For applicants who registered in the CSL Plasma system before 19 June 2026 and do not qualify as new applicants, the conditions and benefits set out in the previously effective supplementary document shall apply.

1. Brief description of the Survey:

1.1 If the serological test was performed from donated plasma

CSL Plasma Kft. provides purchase vouchers worth Ft 25,500, instead of the originally announced vouchers worth Ft 8,500, to the donor participating in the survey, who completes the survey questionnaire in full and returns it to CSL Plasma Kft., on the occasion of their first successful serological test substantiating their eligibility for plasma donation (performed from donated plasma), and, in addition, after submitting the questionnaires following their second and fifth successful donations.

1.2 If the serological test was performed from a blood sample

CSL Plasma Kft. provides purchase vouchers worth Ft 25,500, instead of the originally announced vouchers worth Ft 8,500, to the donor participating in the survey, who completes the survey questionnaire in full and returns it to CSL Plasma Kft., after submitting the questionnaires following their first, second and fifth successful donations after their first successful serological test substantiating their eligibility for plasma donation (performed from a blood sample).

In both cases, for the submission of questionnaires other than these, we provide a purchase voucher worth Ft 8,500, and for every 3rd submitted questionnaire, a purchase voucher worth Ft 12,500.

2. Duration of the Survey

From 19 June 2026 until revoked

Other provisions: CSL Plasma Kft. may suspend or revoke the Survey at any time without giving reasons.

3. Conditions of participation and course of the Survey

3.1. If the serological test was performed from donated plasma

The Participant eligible for the purchase voucher benefits worth Ft 25,500 is the Participant who completes in full and submits at the CSL Plasma centre the questionnaire related to the satisfaction or needs assessment Surveys, independent of the given successful donation, on the occasion of their serological test substantiating their eligibility for plasma donation (performed from donated plasma), and, in addition, the questionnaires following their second and fifth successful donations.

3.2. If the serological test was performed from a blood sample

The Participant eligible for the purchase voucher benefits worth Ft 25,500 is the Participant who completes in full and submits at the CSL Plasma centre the questionnaire related to the satisfaction or needs assessment Surveys, independent of the given successful donation, following their first, second and fifth successful donations after their serological test substantiating their eligibility for plasma donation (performed from a blood sample).

In all other cases, the Participant eligible for the purchase voucher benefit worth Ft 8,500, and in every 3rd case for the purchase voucher benefit worth Ft 12,500, is the Participant who completes in full and submits at the CSL Plasma centre the questionnaire related to the satisfaction or needs assessment Surveys, independent of the given successful donation.

Budapest, from 19 June 2026

CSL Plasma Kft.
